
ZMDJ-D Towel Folding Machine

ZMDJ Series Towel Folding Machine

- ⊗ Large size touch screen, intuitive interface, easy to operate. Intuitive display towel folding, stacking information failure occurs when the machine prompts
- ⊗ Efficient control system, through a variety of sensors and encoders can accurately monitor the size and location of towels, and automatically select the appropriate cross, vertical fold, stacking way, saving time and effort and good effect;

Model	Unit	ZDMJ-D
Max Size Before Folding	mm	1200*1920
Max Size After Folding	mm	600*650
Air Consumption	L/min	200
Capacity	pcs/h	800-1200
Air Pressure	mpa	0.5-0.7
Dimension	mm	2102*1305*5159
Total Weight	kg	1200
