

# SQ Series Squeezer

## SQ Series Squeezer

- ? Stable and powerful pressure, the maximum pressure of the hydraulic circuit is 275 bar.
- ? And bed sheets, water contact parts are made of stainless steel, stainless steel panel.
- ? Import thick rubber bags, sidewall 45 mm thick, bottom thick 30 mm.
- ? Thick stainless steel basket (30mm), super on the lower floor and column, never deformation.
- ? Through a hydraulic power of the pusher automatic discharge (the direction of the material can be made according to customer choice).
- ? Full import of Parker hydraulic control system and cylinder components.
- ? Can be set reciprocating preload procedures to reduce the damage of grass.
- ? With three different pressure models to choose from.

Item	Unit	Index	Remarks
Drying Capacity	kg	75	SQ-75
Maximum Pressure Bar	bar	36bar	The pressure can be set at the infinity
Linen Diameter	mm	970	
Indenter Type		Water-filled rubber indenter	30mm Side wall thickness 45mm, bottom wall thickness 30mm
Dry Way		Basket-type multi-level confining pressure	
Height Of The Basket	mm	490	
Transmission Mode		Standing in two directions	The hydraulic motor drives the push plate
Control Method		Touch screen + programmable controller	can set up 100 programs
Power	kw	15	Squeeze water recovery pump
Pump Power	kw	0.75	
Dimension	mm	2000×2000×3200	(LxWxH)
Weight	kg	13500	

Note: The above specifications are subject to change without notice.
