
FW Series Tunnel-type Washing Machine (Laundry Dragon)

Fw Series Tunnel-type Washing Machine (Laundry Dragon)

- ◎ The tunnel washing machine is referred to as the tunnel wash. The washing process is the perfect combination of automation, integration, and water energy recycling, sewage reduction and cleaner production; greatly reduces water consumption and steam consumption; can save 70% More than 60%, saving 80% of manpower, representing a more "energy saving, environmental protection, and efficient" direction of development.
- ◎ From the European technology, simple structure, easy operation and maintenance;
- ◎ Each bin has a liner, the flexibility to set the residue of the detergent and steam;
- ◎ Linen at the bottom of transmission, reduce clove jam, pull broken;
- ◎ Inner drum and aisle with a small hole drainage, reverse flow design, to avoid cloth grass color.
